

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

The Trezevant baseball team won a fast game of ball here Friday of last week from Rutherford, by a score of 3 to 5. Both teams played good ball. The pitching of Blanks for the home team was the greatest feature of the game. He struck out 15 of the visitors.

School opens here August 22. We are expecting a full enrollment, and as the state funds are now distributed on attendance, we urge that every patron of the school see that his children are in school every day. Let every friend and patron of the school be a booster for 100 per cent attendance. Why not have one of the best schools in the county? Teachers, patrons and students can make it second to none. Why not? Will you enlist your efforts today?

In the Language of Spain. Several years ago while traveling to Spain I stopped at a small country inn for lunch. After vainly endeavoring to make the waiter understand that I wanted a glass of milk, I produced pencil and paper and drew him a picture of a cow. He went away at once greatly pleased and returned in about five minutes with a ticket for the bull fight.—Exchange.

DEPARTMENT SUPERINTENDENTS ARE BUSY

(continued from page 1)

will far exceed that of previous fairs.

In the agricultural and horticulture department a long list of good premiums will be awarded on corn, hay, potatoes, peas, beans, cotton, and in fact anything raised on the farm. No farmer in Carroll county should fail to be represented in this department.

Splendid exhibition room will be given to the various public schools, and every school in the county is urged to send an exhibit. Full information about this department can be had by addressing Mrs. E. Love Mebane at Huntingdon, or Mrs. George Blanks at Trezevant.

One new feature of the fair will be an exhibition of honey and beekeeping under the direction of Olin Albin, S. E. Tucker and Stoker Stacy. A handsome display of honey will be on exhibition and some for sale.

Of course you will soon be asking the question—"Which will be the best day of the fair?" and we are glad to put the answer in three words—ALL OF THEM. Every day will be a big day, and every night a big, jolly night, and you will miss something if you fail to spend the four days and nights at the fair. "Time to get busy".

Next week we will tell you about the program for the four big days. W. L. NOELL, General Manager.

Henry Road Bids

Bids for the construction of 19.54 miles of roadway in Henry county will be opened at the office of the state highway commission at 10 o'clock this (Friday) morning. Decision to readvertise for bids was made by the commission when, for various reasons, it was decided to reject the bids of nine contractors, which were opened last Friday.

Revival at Trezevant

A revival is in progress at the Baptist church in Trezevant. Elder R. L. Riley is doing the preaching and is being assisted in the meeting by Prof. D. M. Hughes and wife of Kentucky, who are leading in the song service. The meeting will probably continue a week or more longer. There is good interest in the services and a good attendance.

BRADY'S Neurotone NO. 7

is indicated in all stomach and bowel troubles arising from indigestion, dyspepsia and inactive liver; malnutrition and nonassimilation, producing intestinal irritation, gastritis and seeming appendicitis. It is a panacea for flux and dysentery in adults and teething children. Six to eight doses will cure the worst cases. Has been tried out in over 600 cases of chronic stomach and bowel troubles of long standing where everything else failed. In flux it never fails; it does its work by healing and soothing the mucous surfaces of the entire intestinal canal. Does not constipate. No narcotics contained, and does not have to be followed up with salts and calomel. Give perfect ease to excessive pain caused by flux from the first dose.
